

Wild Fire (Sunny Bay Book 1)

It has been eighteen months since headstrong MacKenna Parker gave up on men. She dated her share, all handsome, intelligent and successful. But none of them had ever seemed quite worth the effort. And now, at twenty-nine, she is quite happy with her life. She is the only female member of the Sunny Bay Fire Department, and is close to realizing her dream of owning her own flying business.

MacKenna's family and friends share the unanimous opinion that she needs to lower her lofty standards a little and get back into the dating world. When sexy Smokejumper Jeff Taylor shows up in town and the sparks start flying, they are all convinced he might be just the man for the job. But MacKenna can spot a player a mile away and she wastes no time at all in telling him to hit the highway. In spite of her hostile attitude toward him, Jeff knows instantly that he will stop at nothing to make her his. As a decorated firefighter he also knows that where there's smoke, there's fire.
