

## How To Go Up In A Down Economy: .....And Have Fun Doing It.

About This Book The bad news! This book is not about how to get rich quick. It is definitely not about spending your life accumulating objects that will only turn to dust. The good news! This book takes a back-to-basics approach. Its about living well-for-less. Its about living from the inside-out. Within these pages it makes every effort to present materials in an easy-to-understand format. It is for everyday people who feel the need to live a more meaningful life that reflects their true potential. Never does it make any unrealistic claims to give a cure-all-solution to lifes problems. Our objective is to stimulate your mind, give you access to simple down-to-earth strategies that can help you to wake up, get up, go up, and stay up in any type of economy. Simply put, our aim is to help you spend less than you earn and enjoy it.
