

Shattered (Shattered #1)

Ever wonder what its like to have it all? Leah Carmichael didnt. She had the world at her fingertips in the form of a dream. Everything she could ever want was in her grasp. At what cost are you willing to have this life? Would you give up the life you have to pursue it? Your family? Friends? What about the one who holds your heart? What if something comes along and takes it all away? Would you survive the devastation? What happens when you realize you gave up everything you had to have it all taken away in a moment? Will it leave you broken? Or will it shatter you? This book contains profanity and adult situations. It may not be appropriate for readers under the age of 18.
