

Embracing God as Father: Christian Identity in the Family of God

Jesus said, Whoever has seen me has seen the Father (John 14:9). He and the Father are one in their love, joy, and desire to bless. In *Embracing God as Father*, Daniel Bush and Noel Due show us what God has done, is doing, and does every day as he speaks his Word into our hearts. God searches for the lost and weary to save us, adopt us into his family through Christ, and make us sons and daughters of the one and only Father. This theologically rich and deeply personal book helps us see God as he truly is and see who we are as his sons and daughters. Reading *Embracing God as Father* was not dissimilar to my first reading the words of Jesus about the true nature of a Father who gives good things to his children. As I read, I was overwhelmed again by a heavenly Father who revealed himself to us in Jesus. I found myself sometimes moved to tears and sometimes laughing the laughter of the free and loved. Read this book and rejoice in your Father!--From the foreword by Steve W. Brown, visiting professor of practical theology, Knox Theological Seminary, and founder and president of Key Life Network.
